COMMENTS / REMARKS				
<b><i>For successful check rides, submit this completed form and candidate packet to DIRAUX for final certification.</i></b>				

- Notes: (1) Candidate must ensure all tasks are complete and complete qualification guide is turned into the FSO-MT
- (2) FSO-MT validates all tasks are complete, including the self-study questions in Chapter 3, and forwards to QE Coordinator for review and QE scheduling. FSO-MT also coordinates the two facilities and if any tasks, or self-study guide questions are incomplete, return the packet to candidate for completion.
- (3) FSO-OP shall identify and coordinate two facilities and fully qualified crews for the QE check ride. Trainees and guests are not allowed on the candidate facility. Trainees may be on the distress facility.
- (4) QE Coordinator will ensure all tasks are complete within two years and solicit a QE to determine date, time, and location of check ride.
- (5) QE will conduct check ride. If candidate is successful, submit this form and candidate packet to DIRAUX for final certification. If the candidate fails the check ride, the QE shall note deficient areas in the comments section and return packet to candidate to correct deficiencies and request another check ride.
